²General limit of protection

If a deposit is unavailable because a credit institution is unable to meet its financial obligations, depositors are repaid by a Deposit Guarantee Scheme. This repayment covers at maximum EUR 100 000 per credit institution. This means that all deposits at the same credit institution are added up in order to determine the coverage level. If, for instance a depositor holds a savings account with EUR 90 000 and a current account with EUR 20 000, he or she will only be repaid EUR 100 000. In the context of Article 171, paragraph 2 of the 18 December 2015 Law on the resolution, reorganisation and winding-up measures of credit institutions and certain investment firms and on deposit guarantee and investor compensation schemes, deposits are guaranteed beyond 100.000 euro in which case they are guaranteed up to a maximum of 2.500.000 euro. Refer to: www.fgdl.lu for further information.

³Limit of protection for joint accounts

In case of joint accounts, the limit of EUR 100 000 applies to each depositor. However, deposits in an account to which two or more persons are entitled as members of a business partnership, association or grouping of a similar nature, without legal personality, are aggregated and treated as if made by a single depositor for the purpose of calculating the limit of EUR 100 000.
